- e. **International issues** – Not yet formed

### 3. Reviewed privacy concerns matrix

- a. After resending a couple of different ways, those on the call finally were able to see, open the matrix.
- b. Jason Pittman, Gail Magnuson, Tanya Brewer, Rebecca Herold have met over the past couple of weeks to get it completed as shown so far.
- c. The light blue cells show what they have discussed and completed so far. The light green cells show the cells currently being completed. The white cells still need to be done.
- d. Rebecca reviewed the goals and purposes for filling out the matrix.
- e. Jason walked the group through the reasoning for the FAN row.
- f. **TO-DO:**
  - i. ***Jason, Gail, Tanya and Rebecca will meet again to continue, and possibly complete, the matrix.***
  - ii. ***Rebecca will send out the next version to the full group next Wednesday.***
  - iii. ***All group members: please review the matrix and be ready to discuss any questions, concerns, or change suggestions you have for it at our meeting next Thursday.***

### 4. Other topics: Open floor

- a. Eugene from IPC Ontario indicated members of his office will be hosting an event Oct 25 in Jerusalem. It will include Hydro One and discuss their experiences in implementing Privacy By Design. For more information see: <http://www.privacybydesign.ca/events/>
- b. Chris Kotting will be leaving the Ohio PUC after serving there for approximately 30 years. Chris may be doing some consulting, and he will stay part of our Smart Grid privacy group. Amanda Stallings will then be primary Smart Grid privacy Ohio PUC contact for our group.

- c. Rebecca: Water grids are being connected to electric smart grids in Dubuque, Iowa.
